The 4th International Deepwater Oil and Gas Engineering Frontier Technology Symposium and the 3rd International Hydrate Youth Forum Meeting Notice (Second Round)

**All Oil and Gas Field Enterprises and Institutions, All Relevant Universities and Research
Institutes:**

Sponsored by China University of Petroleum (East China) and China National Petroleum Engineering Research Institute Co., Ltd. Joint Oil and Gas Drilling Technology National Engineering Laboratory, China-Saudi Petroleum Energy "Belt and Road" Joint Laboratory, and "Journal of Hydrodynamics" Editorial Board, China The 4th International Deepwater Oil and Gas Engineering Frontier Technology Symposium and the 3rd International Hydrate Youth Forum hosted by the Institute of Offshore Oil and Gas and Hydrate, School of Petroleum Engineering, University of Petroleum (East China), will be held in Qingdao on November 26-28, 2021 Convened. The purpose of the conference is to discuss the latest achievements in deepwater oil and gas engineering and hydrate research, exchange experience in scientific research, technology research and development and personnel training of deepwater oil and gas and hydrates, look forward to the development direction of deepwater oil and gas and hydrate research, and jointly promote deepwater oil and gas Research and technological progress in the development of hydrates and hydrates. The conference invites scientists, technical experts, young scholars and graduate students in this field and related interdisciplinary fields to participate in the conference. Active submissions and exchanges are welcome.

1. Scope and Requirements

The conference accepts original abstracts that have not been publicly published in domestic and foreign academic journals or have been reported at international or domestic academic conferences. After the abstract is reviewed and approved by the Academic Committee, the form

of conference exchange will be determined and included in the collection of conference abstracts, and the responsibility for the text is solely. The summary of the meeting is required to highlight the creativity of the work, the text is concise, the language is accurate, and the format is standardized.

Please log on to the conference website <http://dwog-hyd.scievent.com> to download the abstract template and write it according to the template requirements.

Contribution direction

- 1) Prediction and assessment of geological disasters in deepwater oil and gas development
- 2) Cutting-edge technology of deepwater oil and gas drilling
- 3) Cutting-edge technology of deepwater oil and gas well completion
- 4) Cutting-edge technology for deepwater oil and gas testing
- 5) Cutting-edge technologies for deepwater oil and gas exploitation
- 6) Offshore oil and gas engineering equipment
- 7) Deepwater oil and gas and hydrate development flow security guarantee
- 8) Hydrate accumulation process and exploration
- 9) Safe and efficient development of hydrates
- 10) Cutting-edge technology for hydrate development and utilization

It is proposed to adopt the form of oral report and exhibition board communication, and remote video conference will also be used as a backup communication method.

2. Abstract (detailed abstract) submission

Log in to the conference website <http://dwog-hyd.scievent.com> to register online, click online submission after logging in, fill in the title, keywords and abstract, upload the word document, select the submission subject, add the author, and click submit.

3. Important time nodes of the meeting

October 25, 2021, the deadline for abstract solicitation

November 5, 2021, oral report or poster acceptance notice

November 20, 2021, conference registration deadline

November 26, 2021, conference registration

November 27-28, 2021, session

4. The main agenda of the meeting

- 1) In the morning of November 27th: Conference opening ceremony, conference report
- 2) In the afternoon of November 27th: group report, poster display

3) In the morning of November 28th: group report, poster display

5. Conference registration

Please register through the conference's official website <http://dwog-hyd.scievent.com>.

Registration fee: 1,000 yuan for students and 1,600 yuan for other personnel.

6. Transportation, board and lodging

Please purchase tickets in advance (air tickets, train tickets, etc.).

Accommodation will be arranged by the organizer of the conference at their own expense. If you need accommodation, please fill in the check-in and check-out dates on the conference registration page. If the accommodation requirements are not filled in, the organizer will not be able to guarantee the accommodation conditions.
